

March 16, 2020

Mary Beth Haller  
Deputy Health Commissioner, Youth Wellness & Community Health  
Baltimore City Health Department  
1001 E. Fayette Street  
Baltimore, MD 21201

Dear Ms. Haller:

Family League of Baltimore intends to participate in the 2020 Summer Food Service Program (SFSP).

The Maryland State Department of Education requires SFSP sponsors to notify the local health department of our participation. We are a vended program and will operate from the last day of school in June until the day before school starts in September. We will also be providing emergency meals through the SFSP from March 16, 2020 through such time as when Baltimore City Public Schools reopens.

The following meals will be prepared and served: breakfast, lunch, and supper.

We are currently working with two vendors that were identified in accordance with our Board-approved Procurement Policy. These vendors are: Business Food Solutions and Kidz Table.

For further information, please contact Sharon Bostwick, Program Director of Food Access, at [sbostwick@familyleague.org](mailto:sbostwick@familyleague.org) or 410-662-5500, ext. 292.

Sincerely,

A handwritten signature in blue ink, appearing to read "Demaune A. Millard".

Demaune A. Millard  
President & CEO
